## INTERSHIPS

**DEPLOYMENT AND ANALYSIS OF ESG SOFTWARE FOR TATA STEEL (ENABLON), TATA Group, Jamshedpur**

During my internship at TATA Steel, I underwent a comprehensive Vocational Training program that provided a deep dive into the ESG software (ENABLON).

I collaborated closely with seasoned professionals, learning from their expertise and applying theoretical knowledge to real-world scenarios. This internship not only enhanced my technical skills but also fostered a profound understanding of the complexities and challenges associated with large-scale industrial operations.

This experience significantly bolstered my problem-solving capabilities, adaptability, and ability to work collaboratively within a diverse team.

Moreover, the internship at TATA Steel allowed me to witness the organization's commitment to sustainability, innovation, and excellence. The exposure to industry best practices and the application of my academic knowledge in a practical setting has been instrumental in shaping my professional growth and aspirations within the realm of industrial engineering and manufacturing.

## COURSES

### **Career Essentials In Software Development by Microsoft and LinkedIn**

JULY 2023

## EXTRA-CURRICULAR ACTIVITIES

### **Seminar Speaker, Vellore Institute of Technology, Chennai**

During student seminar series in my college, I took the initiative to conduct a session on Unreal Engine, showcasing a profound understanding of its intricacies. This endeavor went beyond theory as I led a small-scale project, demonstrating a commitment to practical application. In this role, I not only showcased proficiency in teaching complex subjects but also highlighted leadership in project management, emphasizing practical implementation skills. Framed as part of my extracurricular activities, this experience underscores my hands-on knowledge of Unreal Engine, demonstrating dedication to both education and practical application in game development.

### **Website Developer, Google Developer Student Club, Chennai**

As a Web Developer at GDSC VIT Chennai, I actively contribute to the club's technological initiatives. Collaborating with a dynamic team, I participate in designing and implementing web solutions that align with the club's objectives, showcasing my proficiency in front-end and back-end development. This role has not only allowed me to enhance my technical skills but has also provided valuable experience in working within a team-oriented environment. My contribution to GDSC VIT Chennai reflects a commitment to advancing technology, fostering innovation, and actively participating in the vibrant tech community at VIT Chennai.
